Jeffrey:

Attached is the revised East Pool Deck area. This site plan shows:

1. The existing painted concrete deck is removed except for where I've shown an axial walkway to the circular grass garden.
2. The circular grass garden area would be surrounded with a low boulder enclosure and landscaped with low plants from the nursery. There could be a focal element (sculpture or obelisk) in the center on axis with the existing patio geometry which would tie everything together.
3. I have also shown a meandering 4' wide path down to the lower road.

Let me know if you have any comments and call when it is convenient. I have some other questions.
