Subject: LSJ Hammam

Dear Jeffrey:

Please find attached my invoice for June.

We are working on adjustments to the Hammam scheme based on some of the observations during the recent site visit, and am also doing a final check of all the proportional systems. I have a few questions which I will call you about once the revisions are made.

As per our conversation last week, we are also working on the interiors of the major spaces and should have some drawings and sketches for you in about a weeks time.

Meanwhile, do you have any instructions about getting a preliminary structures and mechanical drawings done for the Schematic Drawings? Gensler has a set on which to work.

With kind regards,
Hasan
