Dear je epstein,

your personal licence key for "UltraMixer 2 Free" for Mac OS X has been successfully generated and is attached to this email.

In order to activate UltraMixer please follow these steps:

1. Store the licence key from the e-mail attachment on your harddisk.
2. Start UltraMixer.
3. Open the activation dialog (menu => Activate UltraMixer).
4. Enter the following personal licence number in the first text field: UMF402897
5. In the second text field, choose the path to your licence key file stored on your harddisk. Don't try to open this file, it won't work!
6. Now you are able to activate UltraMixer by pressing the "Activate" button. Restart UltraMixer.

license key file: is attached to this email

Registration-ID: UMF402897

Please note that the licence key is only applicable to the following operating system: Mac OS X To use UltraMixer on other operating systems just request a new key on the target operating system.

Attention: It's not allowed to impart or publish the licence key.

Now have fun with UltraMixer! Don't hesitate to tell us suggestions and bugs!

Best regards

The UltraMixer team
