Jeffrey

Thank you so much for sharing such a huge part of your experiences with me, I feel quite overwhelmed. Right now I feel a tremendous amount of love for you, that probably sounds weird but I do.

My number here in North Carolina is [REDACTED] I'm here until Monday morning then I'm back in Boston at the Charles hotel until Thursday.

I would love to see you and will make a point of coming to see you in the next couple of months, if that's okay?

I'm going to be in the US in October to do a yoga course (17-31 Oct) so I could visit in early November.

It was really wonderful to talk to you.

Love,

Francis
