Hi Jeffrey,I knew I should have made a deal with the Devil and become you,during the worst as I would be free and rich now,Take a look at the FT today ,interview with Mike Lynch founder of Autonomy Corp,Elizabeth never contacted me again,I want your opinion on something,Millions of Baby Boomers like me have tons of LPs Some are worth a lot of money,I was thinking of doing a weekend swap and sale meet at The garden and charging money for desks where people could sell or swap Also thought I could get music companies interested as Albums are making a comeback.is this dumb?
