1. I'm revising the office pavilion connection construction plans based on the circular scheme site plan. We should be able to begin construction on it next week.
2. I've been working with Hasan on a revised Hammam site plan. I'll have something to send you by Wednesday.
3. I've been talking to Matt and others about getting help with the island grounds maintenance. He has been reluctant to come back but he said he would get back with me next week with his decision.
4. I was to go back to LSJ next week but my travel was put on hold until the following week due to the storm.
5. Also I'm getting a firm price quote on the East Flagpole Pavilion landscaping next week.
6. We're preparing a more detailed Master Plan for the area around the main house and the boat dock. This plan also lays out the new private drive from the entry drive to your new office. I'll send it next week.
7. I've also been working with Gary and Brice on some of the back of house details for the main house. Please call me if you have any questions. Would you like me to come down to your office for a more detailed discussion on the plans?
