Dear Jeffrey:

Attached are updated plans and images taken off the 3D model in progress for your perusal. (Sorry for the delay but I have only just gotten out of classes, etc.)

I am around in the office [REDACTED] in the morning, wednesday, between 9 - 11:30 am, and then again between 3:30 - 5pm, if you wish to talk.

We continue working on the project.

Regards, Hasan
