Jeffrey,

Speaking to Brice and Curtis they are still looking to get a gradall and an Ot watt yard spotter.

I have located a gradall in New Jersey (pictures attached) it is 2003 model with 2800 hours asking price is \$ 40,000.

It is currently on a job site in New Jersey and I can drive there on Friday to observe and take pictures of it while it's working.

Please let me know if you would like me to do this.

Thank you

Emad Hanna
