---

Dear Jeffrey:

Could not call you yesterday as I finished at 9pm.

I will try later today - and if not hope to catch up tomorrow.

Regards, Hasan

Dear Jeffrey:

I attach new drawings (in progress) of the north and west side of the building for your consideration; also an updated floor plan and a slightly revised site plan. We continue to work on the building elevations, the terraces and landscape around the building, all of which will be better resolved next week.

I have my thesis reviews again tomorrow but may be reached at home on sunday or monday.

Kind regards, Hasan

PS: Hope you saw my recent email re the landscape invoices - would appreciate your reaction.
