I agree with your basic intuition - criminal lawyers should not negotiate civil cases - we are numbed by decades of asymmetrical power where we are seizing on promises of freedom...

Agreed
can delete "claims of \$50,000 are sought" and we still end up, with the other inserts, with 98% of what we sought

No surprises here-am ok w item 2 and think 1 is inevitable, but need to respond as well that we do not agree the issue goes to a master. Agree???

Bob, thank you for the release. We have very minor clarifications, which should be no problem for your side.

EFTA00774772

1. Third full paragraph on p.2: we do not want this to be able to be misconstrued as our agreeing that the statutory minimum is \$50,000. We both know that this is an issue of law that will need to be resolved by the court or a special master. However, it need not be an impediment here, as Skye agrees to accept \$50,000. We propose to add at the end of that paragraph: "First Parties do not agree that the statutory minimum is \$50,000." Another easy way to fix this would be to simply remove the words "claims of \$50,000", so that the statutory minimum is referred to generally. Either way of modifying this is acceptable to us.
2. Last paragraph, line 1: We request that you insert " that it is her obligation " between "agrees" and "to pay". Additionally, please insert "healthcare" between "any" and "liens" in line 2.

I would appreciate your making these changes and sending this back to me. Our client is waiting to sign.

Thanks, Kathy
