You told me to send you something by me without the lawyer involved. If we are on the same page then I will speak with him. If not we will still be in this confusion. No?

You are right. The cushion and fabric and trim is included, yes, the clubs do swivel and I will determine the largest desk that will be in good proportion with the room. J.P

you left off the window seat and fabric pillows and fabric, the club chairs are 12,000 each with fabric. they must swivel. a desk set. a lamp. , how large is the desk?

This is what I propose for the \$250,000 services that we have agreed.

The Office/ Library:

After Fancelli finishes the installation, I will decide if the color of the paneling is adequate for the overall ambiance.

The desk will be a bronze contemporary desk (Design JPM) with a modern swivel desk chair. The desk lamp also contemporary. The sitting area will consist in four large scaled club chairs upholstered in a cut cotton velvet (Bevilacqua Fabric), two contemporary reading light, a coffee table (Design JPM) with a unique tiger coral parquetry top, a pair of contemporary Celestial and Terrestrial Globes (Design JPM, from the movie by John Ford). The carpet will be a sisal and the hardware for the cabinetry is all bronze with shapes of marine fauna.

I understand that you have approved this concept since the date I presented you the rendering of the office/library. I would appreciate if you can instruct your staff to let me proceed without any obstacle knowing that the deadline is January 1<sup>st</sup>, 2010.
