So we are here in Paris. Yesterday was a very long day. Flying business class absolutely makes the trip. You don't even mind flying! Its unbelievable.

The apartment is SO nice. I really like the monkey in the entrance hall.

Here are a few pictures from the cock fight in Ubud that we went to. The atmosphere at the fights is crazy. Just being there is out of this world. We were the only tourists and Sarah was the only woman there!

How are you doing?
