If we can agree that my name will not surface I am happy to help. If it will you should know that I mentor..... And they will be devastated. Is it really necessary, if he says. Yes, , then say I m sorry. I can't help. Wish you luck etc.

I still think I would add to the third one to Jeffrey's suggestions — “and just want to say that victim shaming seems entirely out of place in your story and shows a lack of integrity and professionalism”.

melz. . we need answers of course you know. We can't prepare a counter unless we know the story. If he asks, which he will, did you have a romantic relationship with kin. What are you going to answer? If he says there were allegations that you had a romantic relation, ? What is your answer. A categorical denial? Did you travel together. ? let me make it clear. There was no romantic relationship. None zero. ...

Sent you the reporter email - [REDACTED] has this question

Something I've been thinking as I listed the conversation — RUN THIS BY JEE.

The reporter might think he's done with the story and told his editor he wasn't; able to get in touch with you. The fact that he didn't drop everything to talk to you is a bit unusual to me ("Sunday" and "deadline"). He might want to be looking for an out so he can stick to the story without any changes because he sold the editor on how hard he tried to talk to you.

So it would be good to get word and get a time set up to talk to the editor so it looks like you're available just in case. You could wait until after you talk or not ... don't know enough of the crisis people dynamic and plans.

But if the editor knows you will talk on background then he has a harder time shutting down the story.

Ask JEE.

I do not want him to have my personal number and am not responding to that but had to confirm a time.

You told me that at every point with him i had to confirm off the record so I did.
