I think they will take steps to have a bubble collapse , they need bankruptcy s to clean the overheated system and frighten people into slowing speculation. . there is no alternative to keep cash but real estate. . no top echelon biz guy can either make new investments in states. and if they want to get money outside the discount as risen from 10 to 40 %/
. wow

use their three trillion dollars as reserves as a burden not a benefit. (what can they do with that money . . sell it and buy ??? what ? gold? euro? yen. no they're fucked. they are too big to sell. . have to be careful that their bankruptcy don't disrupt the entire system but financial failures have a way of unintended consequences
