Thanks. Nancy and I just walked around the block in the midnight dusk. Agree the appeals process (though it is necessary to go ahead) is likely a lost cause, and the suit direction is probably required. Anyway we can talk tomorrow. Your support now (as a friend and advisor) matters more now than ever. I still never thought it would come to this based on what is in that report. Anyway, goodnight.

You will have to decide what you want . Money to go away. . or high profile leading the charge for rationality. With little money at the end or for at least 4 years. . you should get out in front , indignant. Outraged , that such silliness. The former university a problem. Or we might spin it as a result you were extra careful. ?

You should make the amounment sooner rather than later the you were terminated. After a no due process procedure. Looking a student , not even your student up and down. Is the best sentence for you. . making jokes with adults in a college setting. . no COMPLAINTS filed !! . but Justin really fucked you as I knew he would. His actions

made it hostile. So that you would have to sue. I told you that the first 10minutes I spoke to him.

I don't believe wrongful termination will work . As Justin s stupidity put them on notice so they followed all the rules. Wrongful termination usually is not following procedure. facts and determinations not really relevant. I believe that you have almost zero legal recourse. maybe breach of contract. ( tenure ) . Your asset is you high profile. . and their concern about being embarrassed .
