   I would discount any comment re Eg tienaman. But I think current signal around no
   romantic or even very affectionate talk is genuine. It was parallel though I kept talk more
   neutral when she was in Europe. There has been much more personal talk before when she
   was in China. I'm not whining at all and am being cheerful.

Maybe. Though this is a continuity rather than discontinuity. Maybe fact that she is still engaged w me several hours a week on phone is odd. She seems to want to visit me in mid July in ideally she says ny but possibly Boston I suggested cape cod as possible and she was right back asking about hotels.
