Yes but the point is that the OEI, which wrote the investigative report did think so. The investigators concluded that photo was a violation of some policy. That the provost didn't buy it doesn't change the fact that OEI is stupid and biased.

Steve Bannon's Big Plan For Europe Has Some Big Flaws

There's little evidence for the bombastic former Trump adviser's claim that he can dominate next year's European Parliament elections.

That would be suicide for my long term viability in the VI and in other politics. I have real concerns for Alberts win but loyalty goes a long way for respect on the ground in the VI
