Spoke to my china guys , they said china stronger , plays weakened. Strife art of war etc. Said all the players are xi loyalists. Main complaint is there is no counterparty in us , either no one home or new to the game.

It is protective in humans and so is sneezing think about it

Nose eyes and throats have all the sensory (afferents) where bugs get in. These things make it hard for pathogens to "stick" it's a first level
