LISTEN try not to talk too much. . NO RUSH . you would like to hear what they propose. ! . you can bring along the drawing and use it as a prop . THIS is what the office thought imappropriate? HOWEVER careful. - the meta view is that tenure is for academic free speech. not for free behavior. . this is crucial

horrible choice of prosecutor woman. critical and maybe lethal mistake. . prosecutors don't cross examine. they prosecute. . power on their side . she should have been a criminal defense attorney. . is there a history of anxiety in your family, was the lights on in the bedroom.? did you ever see kavanaugh again? how many times before. ? how did you get home 8 miles from the alleged party if you did not drive.? who drove you , etc
