Misc. Char...	Misc. Charge (Bolts, rags, oils, etc.)	7.90	ea		6.00	47.40
	No New Parts are required to swap Drive Sides on this pump.					
	Brice,  This is what we would generally charge for a crank swap and a Wheatley Pump in our shop in Canada.  I was generous with the labour, should usually only take 3 - 4 hours when done correctly with proper tools. Sometimes, this may take a little longer, but 4 to 5 hours for a 2 man crew is a pretty fair and safe estimate of time.  Our Rates are in Canadian Funds.  The Conversion for Canadian Funds to US Funds is: \$841.20CAD Funds = \$621.20US Funds  Let me know if you have any questions.  Thanks, Darcy Stobert					
	We are Moving again to serve you better, as of May 15, 2017 we will be moving to: 6012 62 St. Taber, AB T1G 2J4
