Subject: Items for August 11 Town Council Meeting.
Date: Tuesday, July 22, 2008 3:32:02 PM

I've been working on the deferrals from the July Council meeting plus some items that Cheryl gave me. This is what I have:

- 1) Appeal by Owen and Marjorie Larkin, 315 South Lake Drive, of an Administrative Decision Regarding a Unity of Title Agreement.

Deferred from the June 9 meeting.

I've copied it in Muni Agenda. You may want to look over all the attachments to this item.

- 2) The Appeal by James Brindell on Behalf of 144 Wells Road was to be deferred for 60 days from the June 9 meeting, , but I believe it was taken care of at the July 8 meeting. I have not done anything with this item.

- 3) Site Plan Review #14-2007 with Variances & Special Exception

Deferred from the June 9 meeting.

I've copied it in Muni Agenda. You just need to approve it.

- 4) Site Plan Review #5-2008 with Variance

Deferred from the July 8 meeting.

I've copied it in Muni Agenda. You just need to approve it.

Cheryl gave me the following items. I don't know anything about them.

Sod/seed requirements for demos

Review of infrastructure of large homes

I also have a copy of a letter from Trump Properties appealing the ARCOM decision for 515 North County Road. If this goes to the Council, you will need to enter it.

If you have any questions, call me.
