Invitation to speak at the 2018 Misk Global Forum

Dear Dr. Chopra,

It gives me great pleasure to invite you to contribute to the third gathering of the Misk Global Forum, which will take place in Riyadh, Saudi Arabia, from November 14-15, 2018 focusing on Skills for Our Tomorrow.

Over the course of less than two years, the Misk Global Forum has become a globally recognized initiative, reaching out to 180 million individuals worldwide. We are ensuring that the community of young people that has emerged organically around Misk Global Forum is actively involved in designing the 2018 edition, reflecting our immense confidence in their appetite for taking on the challenges of change – in Saudi Arabia and elsewhere.

The 21st century is characterized by an unprecedented pace of change. This means that young people need to acquire skills not just to get a job but to shape their lives as globally active, socially conscious and healthy citizens, able to take charge of their own lives to make the right choices. Chaired by His Royal Highness Crown Prince Mohammed bin Salman, Misk Global Forum is a platform that brings young leaders and innovators together with established global figures such as yourself to explore, experience and experiment with ways to meet the challenge of change.

A special taskforce will follow up with your office to discuss in detail the role you can play at the Forum. They are also available to answer your questions at speakers@misk.org.sa.

I look forward to hearing from you and to welcoming you to Riyadh this November.

Yours sincerely,

Shaima Hamidaddin

Executive Manager, Misk Global Forum
