

# Initial Overview

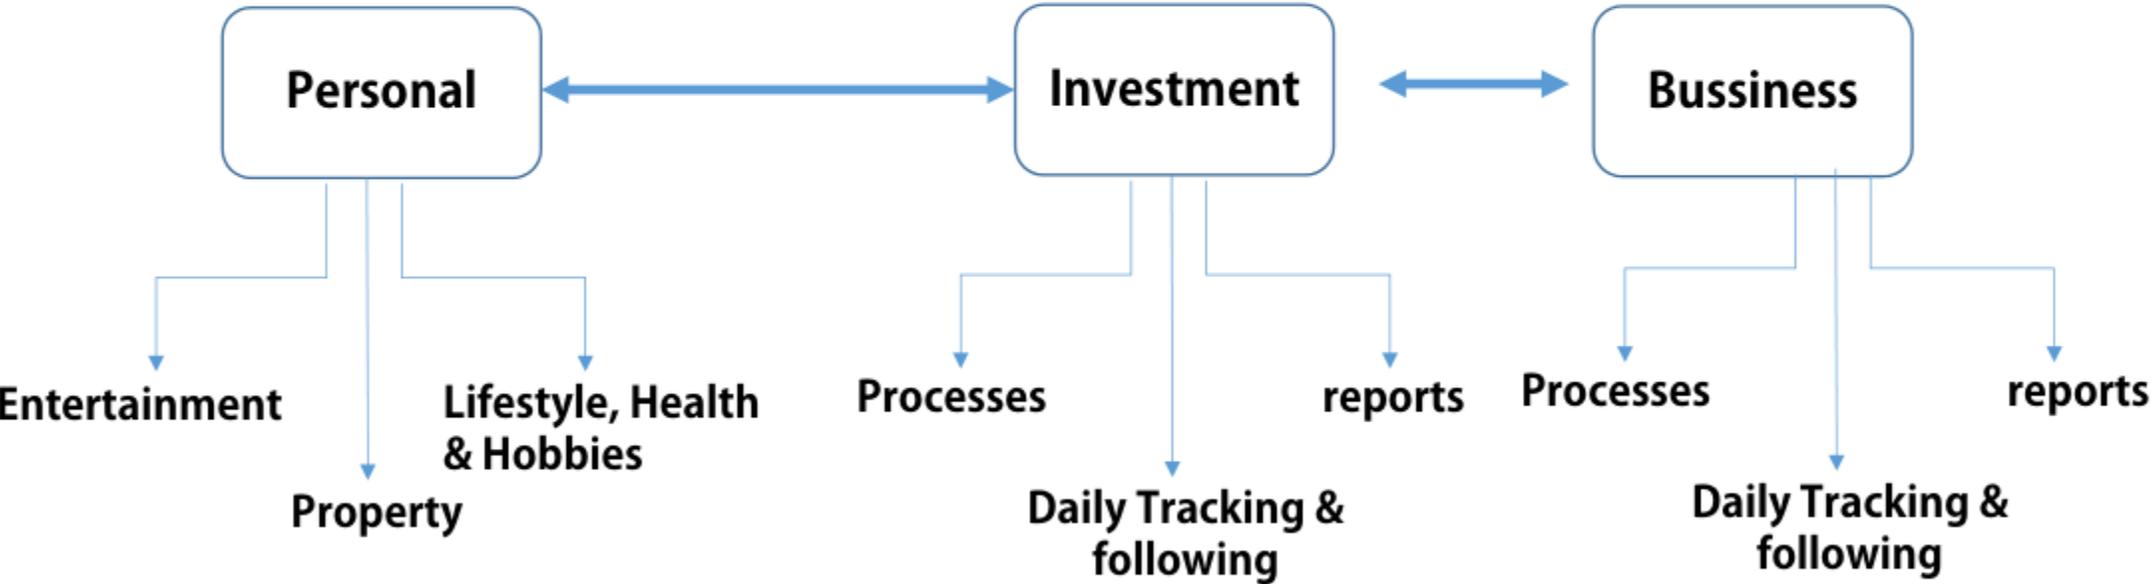

# Objective

---

# Recommended Function

# Personal

---

All parts are depends on each other. The more efficiency in one part the more positive impact will happened on the others. Also, working on those parts will get

On the **Personal** part, we will focus more on different aspects such as:

- Entertainment (including Menu)
- Property. Determining the expenses, maintenance and daily work.
- Lifestyle and selecting the appearance image for each event.
- Hobbies
- Health
- Food
- Books.

## Investment & business

---

On **Investment** Part, will be focusing on many topics but mainly:

- Process of all work. We should enhance the current work to be more efficient where it should fasten and double the results.
- Tracking daily news (Personally, on interested and selected topics). In both traditional or new media.
- Reports

## Questions

---

**I would suggest to share the current status of the personal, Investments and advising parts. In order to boost our preparation to come up with best structure work flow on level of personal or business life.**

How you receive and follow the news about you?

How often do you read books?

Is there a database of your moves and information about the people you meet?

How do you track the news about you or different topics ?

What types of existing reports you usually read?

Entertainment, who are responsible and what is the criteria of employee in this positions? And How are the locations being selected?

What is the current process of the whole works that linked to you?

*More questions will be raised while the discussion.*

**Thank you**
