Hello Mr. Gordon,

It was a pleasure talking to you once again. Please see attached invoice for the 3,000 SF of Coral Stone 16x16x3/4. As mentioned and 20 ft container can hold 5,500 SF of 3/4" tiles. Let me know is this is what you require?

Also the price of steel rebars right now from stocked in DR (see attached pictures) but from Taiwan Origin, is \$785 per MT or \$712.14 per short ton PLUS SHIPPING. One flat rack of rebars hold 26 MT or 28 Short tons. Basically we sell per flat rack 26 bundles, we have available 1/2" and 3/8" ONLY.

In terms of Galvanize Aluminum sheets, I sell pre colored at \$2.65 per LF.

Attached pictures of the steel and the vessel we hope to start moving to STX and STT with blocks, cement and rebars.

Best,
Luis Felix
