Dear Jeffrey,

Family is not an important thing. It's everything.

Please join the Dubin Breast Center family at our annual benefit being held on **Monday, December 10** at the Ziegfeld Ballroom in New York City. This year, we will be celebrating the strong bond between mothers and daughters and its impact on the breast cancer journey.

To that end, we are honored to recognize mother and daughter trio: Melissa Spohler, Meredith Shepherd and Priscilla Alexander, each of whom has been touched by breast cancer. They are strong advocates for the Dubin Breast Center – Melissa serves on the Dubin Breast Center Advisory Board – and are passionate supporters of breast health and care. It is a privilege to honor these women and to share their story.

Additionally, we are thrilled to honor Dr. Amy Tiersten— a renowned medical oncologist specializing in the treatment of breast cancer. Dr. Tiersten has served as principal investigator for many regional and national clinical trials and has published extensively in the areas of breast and ovarian cancer in a plethora of prestigious medical journals. We are delighted to honor such an esteemed and well-loved colleague whose impressive work impacts the lives of so many.

The Dubin Breast Center of the Tisch Cancer Institute at Mount Sinai is committed to providing our patients with the absolute highest level of breast cancer prevention, screening, treatment, and survivorship. The Center offers a full range of leading-edge breast health services, including diagnostics, surgery, medical and radiation oncology and post-treatment support. Our extraordinary team of breast cancer experts and compassionate staff provides the most advanced treatment techniques as well as emerging therapies via clinical trial enrollments, all housed within a serene, state-of-the-art facility designed to ensure the best possible experience for our patients.

A hallmark of the Dubin Breast Center is our commitment to care for patients from every New York City neighborhood and beyond ensuring each patient receives optimal care, regardless of their ability to pay. Our annual Gala is central to making that promise possible. ***We simply could not do this without your support.***

Invitations with further details will be mailed shortly. To secure your table and tickets early, we have enclosed a response form for your convenience.

Thank you in advance for your generosity and we look forward to seeing you on December 10th.

Sincerely,
2018 Dubin Breast Center Benefit Co-Chairs
