Hi Jeffrey,

I hope your friends had a good time at the Robot Heart party. Sorry I wasn't able to chaperone or get them into the VIP area.

I picked up a Vive setup that I hope to install at your place after you get back. I have some friends putting it together, can set it up at your place, and show you and your friends how to use it. I will also have a custom EEG rig setup as well. I am out of pocket on these so far which I hope to have reimbursed from the grant that you have bestowed upon me.

Let me know when you get back and I will arrange for the installation.

Hope you're having a great trip!
