---

tremendous reception in Zagreb

600 first evening on fem, trans, homo, honor killing

130 the next day on Recent advances in human evolutionary genetics, but another 100 in an overflow room with me live-streamed in; last night 160 and shortly perhaps 3 or 400 on self-deception

extremely warm response, applause keeps rolling down, and excellent press coverage; my hotel has just hung the attached picture of me from Croatia's biggest newspaper (in a two page spread) on their "hall of fame" wall

--

fly tomorrow to Berlin for a week, then three talks in the UK during the following week; on the 28th i should reach NYC and about ten days later should reach Florida (i will be in touch) for a couple of days

hope all is well with you

warmest best as always
