Subject: LCA

Dear Larry,

Thanks for the call yesterday we look forward to supporting the BBJ.

I have attached a copy of the AAC presentation for your review.

Also I have attached the Boeing presentation discussing the LCA roadmap.

Though Raytheon accomplished the original cabin AAC can contract them and manage the project to completion.

We did this recently and it worked well.

I will send the C1 ROM shortly as well as the SB & AD for the NGS.
