Hi Gino: Appreciate the intro. Lots of common pursuits!

Hi Jeffrey: Great to Skype, meet in NYC. I'm current shooting Closer To Truth at an FQXi conference (in Banff) on foundations of physics and quantum cosmology. (Just with Alan Guth, an old friend, for on-camera discussions - 5th time.)

Let's coordinate Skype / FaceTime after I get back to LA the week of August 25. I'll be in NYC the first half of October.

Attached is my essay on "Virtual Immortality" - dealing with AI and consciousness - from the current issue of Skeptic magazine.

Hi Robert,

I'd like to introduce you to Jeffrey Epstein who I was going to see if you could meet with while I was in NYC. He has an interest in AI and consciousness and I showed him your Closer to Truth site. Maybe you could meet up with him in October. I also introduced you to him on Skype.

Crazy time with the house move, family, a bit frantic as I must depart for Beijing on Tuesday - next time for sure!

What are you speaking on in SD?

Hi Gino:

I'm in LA but in the unpleasant process of moving, after 42 years - house too big for wife to upkeep, she prefers Santa Monica beach apartment, and I travel most of the time. Traumatic and nostalgic - thousands of books and papers! We'll be living in Santa Monica as well as NY (when not in China). I'm off to China after the move, and then NY on May 22 for Mother's 100th birthday!

How long are you in LA?

Keep in touch,

Robert

Hey Robert,

Just checking to see if you were free to meet. I am speaking in San Diego on the 20th and just landed into LA. Will be in New York around the 3-10 or so of May.

Not at TSC this time, though I see lots of friends this year; I'll be in China.

Sure, great to do TSC in Shanghai - love to learn details.

I'm in LA, depart for China around April 20, so let's touch base as we get closer and our schedules become clear.

Warm regards,

Robert

Good. Have better ways of communicating it all now leading to deeper insights. Are you at tsc?
I'm hosting next year in Shanghai and would love to have you as an advisor. I'll be in the la
area from the 19-24 and ny from May 3-8 if you are around!

Hi:

Yes, we saw it. Peter has first hand info that they use Closer To Truth for understanding and
research.

How's all?
