---

Dear Jeff and Barnaby

See below

We have 2 Papers coming out in Nature this month! One in Nature Translational Psychiatry and the other in Nature Scientific Reports ( I'm the lead author in the 2nd one ) . Both are on therapies offered at the Chopra Center.

This is a v BIG DEAL for m and my team who have borne the brunt of ridicule from our medical colleagues . Major press is planned around these

Now on to the consciousness challenge ! I'm v grateful to both of you for your friendship and support !

Love from the plane to San Diego !

This is wonderful for us all and our mission. And, perfect timing!

Love and congrats right back.

See you when you arrive home. Travel safely.

Dear Dr Chopra:

We are writing to inform you that a decision letter has been sent to the Corresponding Author of manuscript "Identification of Altered Metabolomic Profiles Following a Panchakarma-based Ayurvedic Intervention in Healthy Subjects" by Christine Peterson, Joseph Lucas, Lisa St. John-Williams, J. Will Thompson, M. Arthur Moseley, Sheila Patel, Scott N. Peterson, Valencia Porter, Eric Schadt, Paul J. Mills, Rudolph Tanzi, P. Murali Doraiswamy, and Deepak Chopra [Paper #SREP-16-04622B], for which you were a Contributing Author.

You can now use a single sign-on for all your accounts, view the status of all your manuscript submissions and reviews, access usage statistics for your published articles and download a record of your refereeing activity for the Nature journals.

In addition, NPG encourages all authors and reviewers to associate an Open Researcher and Contributor Identifier (ORCID) to their account. ORCID is a community-based initiative that provides an open, non-proprietary and transparent registry of unique identifiers to help disambiguate research contributions.

Sincerely,

Manuscript Administration  
Scientific Reports  
The Macmillan Building
