chris has been nothing but trouble and i am pretty sure it has all been fueled by danny
he now believes he is owed another \$425 yet based on schedule below he has only worked 4 full days and wants
to be paid for 10 days..

a) first is was his pay

250 per day became 350 per day + 75 per day for dog walker
(75 per day for dog walker is about 2.5-3.0x what it should cost...
chris daily cost now 425 per day

b) then days worked

he flew down on thursday april 19th and goes home saturday april 28th

thursday april 19th - travel day billed us for full day
friday april 20th - met with you and worked full day
saturday april 21st - did not work but insists on being paid
sunday april 22nd - did not work but insists on being paid
monday april 23rd - worked 7am - 12:00pm then refused to work at sat at bar with danny all afternoon
tuesday april 24th - worked full day
wednesday april 25th - worked full day
thursday april 26th - asked for 11:30am boat to LSJ as he told anna he had to do laundry
friday april 27th - refuses to work as he says it is a local holiday
saturday april 28th - travel day back to FL
