Suggestion - A

1. Core Training
 2. Cold Laser Therapy
 3. Deep Tissue Work, (Fascia Flushing)
 4. EMS/Vasopneumatic Therapy
 5. Joint Nutrition (See Below)
- [REDACTED]

Suggestion - B

Would order a NEW MRI, (ASAP).

Why?

#1 - Possible joint instability changes from last MRI

#2 - I suspect that the DISC may be weakening.

Your previous MRI did not address that.

Becoming a candidate for Spinal Decompression encompasses Most Disc Issues & Stenosis.

In addition, I suggest a 2nd opinion (different MRI center & Medical Radiologist) which would continue to assist you in measuring/monitoring your overall Lumbo-Sacral spine.

I can order it for you in Palm Beach County.....

Subject: Dr. Peter Attia - August 3, 2016

To: Jeffrey Epstein <jeevacation@gmail.com>

Greetings Sir,

Mary, Dr. Attia's assistant [REDACTED] called to confirm whether you were having additional films sent to Dr. Attia for his review.

Dr. Attia is scheduled to leave for Canada on Sunday, 8/7, and would like to review the additional films for you before he leaves.

Respectfully, Daphne
