she is such a bitch, and money hungry, you have to be careful, she will try to hold you and your family up, she will make up crazy stories. , tell many lies. and try to bring havoc when she realizes her money machine is no longer available. / its a shame you cant send her to another country where they deal with blackmailers more effectively. in china there are cos that are set up to only do that. get rid of female blackmailers. they move them to other cities countries and try to find them real work
