Jeff... I'm not able to make a decision in choosing a job. Usually, when I really want something I know immediately but in this case it's impossible. I have no carrer plan, I don't know which job is better, how to ask for it, who should I call first, which city I should go to. I have absolutley NO idea. I feel paralyzed. I really need help in making the good choice. Having to deal with it alone makes me panic and at the end of the day nothing is done, terrified that every choice might be the wrong one. I don't want to regret it like I did with hotel Costes
