I will see you when you're back
I'm seeing [REDACTED] for health reasons (hers)
She's been my patient for 25 years
Her father [REDACTED] was also my patient .
I'm off to Australia but back in NYC after 25th July .
I'm grateful for what I see as the beginning of a friendship and I could use some of your mentoring so I don't irk the big boys in the intellectual club that is mainstream academia .
I will keep sending you some material from time to time , including some of our research,and the galleys of the new book in 2 weeks .
I did not experience anything other than graciousness and hospitality from m you .
Your manners are impeccable and your comments razor sharp . I could learn a lot .
All love and gratitude

Deepak Chopra

Thanks Barnaby

Jeff - I'm grateful that Barnaby arranged for us to meet today . You were v gracious to spend the time and offer your guidance . I could use it !

I would love to engage with Lawrence Krauss in a public dialogue on the nature of reality .

I also thought your idea of asking 25 simple unanswerable questions is a good start !

I'm going to send you a few articles and galleys of my next book soon and will await your guidance

With love and gratitude
