Jeffrey

I'm speaking with another person who is a friend of Chips in South Africa, name is Peter Van Der Spuy,,he's a pilot.,but has many clients that purchase aircraft., he flys a G550 now.,  
I sent our GIV photos to him,  
It's a shady deal, from the start if you read his email below,, he wants Commish and so does the buyers pilot,  
typical Africa deal,, their Budget is \$3.5M according to the email.,  
The buyer is traveling now and will get back to Peter soon.,  
I'll keep you updated if something solidifies.

Clint good morning,

Urgent requirement -

I have client here requiring a G4/G4sp - his budget around \$3.5M. I need to cover myself and their in-house guy.

Do you have something I can present?

**Kind regards**

**Peter van der Spuy**
