i was able to negotiate the 18,160 to 15,500 for pole and installation of new radios
lead time to fabricate pole is 1 week and then 3-4 days for install
please advise if ok to proceed

Good night Rich

Attached is the quote from Omar. It totals \$18,160 :
\$8160 for Dragonwave installation
\$10,000 for the stabilization structure for Dragonwave

Jermaine,

Please see attached per your request, there is a 50% down payment required to start build and the balance due upon completion. Please advise of any further questions you may have, I am always happy to answer..

Regards,

Omar Welch

Good day Rich

I followed up with Omar concerning the picture and I received a sketch as to what it supposed to look like. I included something very similar from the net.

Regards

Jruan

Jermaine,

Please find attached a sketch of the installation at GSJ. This is a custom made fabrication suitable for this installation only. As such, there are no prefabrication made for this. The drawing is all we have to work with.

Good night Rich

Sorry for the late response.

The structure is

- a climbable 20' 3" dia pole (hunter green to blend in with the shed)
- a 5' x 4' Concrete pad
- 2 3" electrical conduits
- mounting rig for the dragonwave radios
- vented cabinet for electrical components.

Regards

Juan
