Day 1 is a plenary. I've attached the info below. Day 2 is closed meetings. Reid will be there.

I THINK it will be interesting. I'll know more soon.

I think you should set up a research company, fund that and we apply for an H1B for the company. I can take care of the legal coordination. He can get one very quickly while he still has his MIT H1B because the second one will be covered under the "capless" status of MIT.

Can you and I talk about structures of "blockers"?
