Hey Bossman,

Would you like to purchase the Aluminum Flagpole or should we wait the 8-12weeks for the Fiberglass Flagpole?

We have 2 Fiberglass Flagpoles on LSJ.

Please advise,
Ann R.

Greetings Anna,

There is a problem with the timeline for the receipt of the flagpole - now 8-12 weeks versus 4-5 weeks.

Do you want to review this with JE? The company has suggested an alternative. The details are below.

Let me know.

Hello Daphne. We received the wire transfer today in the amount of \$15,750.00. Thank you for the prompt payment.

When we received the manufacturer's quote on 5/31, they quoted us a 4-5 week lead time which we passed along to you. Upon receipt of the wire transfer today, I contacted the pole manufacturer to get the order into production. They have changed their lead time to 8-12 weeks based on orders they currently have in house. I have asked for expedited production but they can't promise me anything.

EFTA00825858

With this being said, I would like to offer you a white powder coated aluminum pole that can be delivered to the freight forwarder in about 3 weeks. We will discount the pole by \$500.00 to a price of \$12,855.00. Freight would remain the same.

Please let me know your thoughts ASAP. I have placed the order on hold with the fiberglass manufacturer until I hear from you. I am very sorry for the increase in lead time, but the manufacturer produces orders as they are received.

Kindest regards,

Holly D. Grace

The Flag Company, Inc.
