Rich

This was approved by Larry Morrison,.
It was A check that was required to keep B727 airworthy until July 1 Heavy C check,.
We started this in March,. Here is BigSky invoice ,for their labor and outside services, I have them include price next to the outside labor charge for reference.,

Approved
JEJE Inc.,

Hopefully this will be the last large invoice for the Boeing,.
Last item will be recert of the Boeing life rafts,. That repair is pending,

Thx,
Larry

Good afternoon Larry,

I had Katie reference the outside labor charges in Discrepancy #2 to the descriptions in the "Action Taken" part of the bill. Please take a look and see if that works.

Thank you,

Tracey Garner

Hi Tracey
My NYC office requires more backup information on this invoice,.
can you provide backup itemized info for each of outside labor charges? for accountability

thank you
Larry Visoski
