1. The audit has brought to the fore the lack of your office quality that I have been violently squawking about. ie. children playing at an adult game. It is inconceivable to me that John Castrucci is still there, Joslin part time, Joe mistake after mistake and Brad the corporate band leader talking about the office's finance team, accounting dept, directing Wendy to do things that make no sense for you? !its nuts. non-existent IT dept. though it was the first thing on my suggested list of things to be done \ no trading accounts to speak of, though its prophylactic quality has been discussed over and over for three years. As you said you wanted to save money by not paying my high fees. the result was predictable. now you have a choice a simple choice. very simple.

you can pay me and my team, I will oversee the audits. Lots of paper needs to be collected and reviewed, the outside team at my expense working for me, come in for two to three weeks -they will review procedures and practices. set up an up-to-date accounting system, computerized timelines for filings etc. household classifications and reporting that makes sense. you will not be surprised however that the price for my work has not changed since day one. 40m per year, I'm willing to discount to 30m as I did give you a bad number and should pay an embarrassment fine. I'm also aware that you have paid what you consider a great deal of money, though, as you know, without a doubt, you have far and away received way more than called for in our agreement. please also remember that you and I agreed no more demands on my time after the last payment. no more - so called after care etc. I stepped in as you had a mess on your plate and have worked many many hours doing things that are not my responsibility solely because of our unique friendship. by the way, on another note you seem shy to discuss certain things, please be assured I make no judgement on any of your activities, whether or not I agree with it. not my role. my role is, protection first. no matter what you do.

2. you can decide that Brad, Tom, and whomever else you choose can oversee your audits. they are sensitive to the issue at hand. Alan can be brought in but I would be extra careful having Paul Weiss given access to entire story.

3. Remind me to talk to you about ..
