---

Lets start. I am aware that you are currently angry at the world. . me karp wechsler. all willing absorbers of the heat. (though you ,calling me ,Debra , took away some of the the sting ) I am sorry to see you this way.

emblematic ; I was asked to opine on whether to hire castrucci. an hour after I gave a preliminary yes. . I called you then texted you that i had thought more about it and changed my mind. The next day brad called and asked for my vote. I told him ,in no uncertain terms it is a no , I categorically vote no. I called you . you came to see me . I said it was a bad idea. you said you were going to do it anyway , I said and followed up in writing IT IS A MISTAKE . and added Please don't come back to me with anything suggesting otherwise , you and I should be clear I think it is wrong . A very strong NO . you of course can hire whomever you like.

early on I told you I thought Tom remarkably careless . Eillenn goofy and your art lawyer not well informed to say the least. you told me Tom was a senior partner. Eileen had headed the trading desk , and your art guy wrote the book. I said I thought you deserved better ,should get better people and no , I am not an HR person. yesterday you told me that the reason you have hired whatever available was to avoid being dependent on me. ( by far , not the best place to save money )

Joslin who you say I hired . I did not find With a two person given choice I approved joslin over some woman that eileen preferred. against my repeated advice you and eileen decided to pay only under 300k . I told you at that time that I would personally pay the difference for higher quality. that was years ago . I have sent over a hundred emails to you clearly saying he needs to be managed by professionals. initially , that referred to Eillen and Ada.and after, brad. john etc. There are at least a few emails each and every month from me, telling you , he is slipping failing cracking fragile. . crazy, nuts, heading towards incompetence. Unless YOU TAKE ACTION! when I pressured him for accurate numbers , you told him, to tell me, that he works for you and NOT for me. . When I continued to press for accuracty from your office , you told me that they were now all afraid of me and i should let brad communicate any requests, ( you now tell me " we know what Brad is"?). When I told you you office needs to be reviewed and changed you told me i was being destructive rather than constructive. when i ultimately confronted joslin, in an attempt to protect you, told him that his numbers were wildly inaccurate , you told me that i had caused his ultimate resignation and now have an affirmative obligation to help.

I did give you a bad number , and apologized as soon as i realized it. an error that was an embarrassment for me , the fact that that the accurate number is still way below what you agreed to pay , has fallen by the wayside.( the preposterous argument that the end of year transaction was Alans idea , which you now know was not true and that me not receiving Phaidon documents was unexplainable. was your justification for non - full payment ) Hopefully You will recall that when you initially asked for my help. I declined repeatedly with the admonition that that having a financial arrangement may jeopardize our friendship (as you will be unhappy paying what you will view as a large sum. while choosing to ignore the financial benefits, ). In Bedford , I repeated my concern. It is distressing to me , I have done my utmost to keep you safe. and will continue to do so. reckles choices in accounting or otherwise does not bode well. at each turn I have put your interests first many times including fighting your choices.

your current circumstance needs nuanced attention. whether it be , having Ada , form grats without review, brad doing phaidon without review. payments make without review.merely in order to be weaned , is a high risk choice. review of outside accounting firms , CANNOT be done by brad. to have your accounting dept sit in on Alan trust accounting lecture . in order to learn the filed is reminiscent of elieen reading the tax regs. ( she also was going to take a course)

I am here in New York today. should you like to resume
