Subject: Reflections on the flight to Zurich
Date: Fri, 20 Apr 2018 00:25:41 +0000

After a little meditation on my flight to Zurich -
It's clear we all experience " reality " thru different cognitive filters !
I'm thinking we should just celebrate our differences over wine and dinner at my apartment in NYC when it works for all of us this summer . Please respond . Yes ? No ? Carolyn will help coordinate our schedules for those who have desire , ability or time to join .
All love
🙏💕🧘
