Stephen,

I've presented your options and will be discussing with the bank today. In order for the bank to complete any transaction they have to complete their "know your customer" due diligence so the first question they're going to ask when I speak to them today is, "who is the buyer". Could you please send me the link to your business website or give me as much information you can about the aircraft you've owned in the past and general information about your financial position and where the funds for the purchase will be coming from.

Thank you for your understanding.

Would you be willing to simply evidence the recent prebuy inspection, test flight and close or would you still require 144 mo and full prebuy inspection again?

I think 18.5 is the right number I'd go to 18.6 if agreed quickly. as you are aware some other sellers are as anxious. but i prefer the low time. 343 was the 5000 only changed in jan

Mr. Hanson,

I have communicated your offer with the bank and they are willing to accept an offer of \$19m with the 144 month as part of your prebuy inspection. If this acceptable please let me know.

Additionally, I have searched N343DF and that registration is with a 2015 model Global 6000 that delivered in December 2015 to Derwin Acquisitions LLC in New York. Is this your company or perhaps is your Global 5000 a different tail number?

Thank you for your interest and I will look forward to hearing from you.

Thank you Stephen. I will forward this on to the bank. Could you please tell me the tail number or serial number of the Global 5000 that you currently operate?
