If you are French or Austrian you do not need a visa to go to Canada...come March 15, 2016 you will need an ETA but for now just a passport is all you need...if you want to apply for an ETA you can but it is not required until March 15, 2016...below from Natasha at Amex:

Austria: Starting March 15, 2016, you need an eTA to visit or transit Canada by air. You can apply now for an eTA. If you travel before March 15, 2016, you do not need an eTA but you can still apply for one. For now, make sure you travel with acceptable travel documents and identification, such as a valid passport. If you travel by land or sea, you will not need an eTA when you enter Canada. However, you must travel with acceptable travel documents and identification. How to apply for an eTA Applying for an eTA is a simple online process that takes just a few minutes. To apply you must have a valid passport or accepted travel document, credit card, and email address. Find answers to your questions about the eTA application process.
