you took money for psychology class and then spent it on movie class. I asked what classes you had taken , you told me psychology, only the very night before when i saw the grade page , did we discover that once again, what you had told me was inaccurate. ( like seeing the cartier braclet on your wrist) . the only class that you did well, not once did you tell me you had not gone to class as your had promised. not once did you tell me that driving school would mean no attendance at the university, , you told me that you wanted to go to school, over and over again, that everyone said you needed a adegree and that you wanted one, I gave in reluctatly to your wishes with your devout crying promise that you would not do to me what you had done to the bulgaris, waste their resources after saying you were serious and that this time would be different, you didnt ask the uni for tutors help, you didnt try to get it right, you didnt submit papaers that everyone else did on time. all the while, going to parties , fashion shows.etc.

I did it. I woke up and looked in the mirror. I realize I've lied to myself and haven't lived up to any of my promises by not finishing what I've started. I will do everything I can to change. I want to be successful

margot is not the issue, you need to wake up and look in the mirror. deal with it. you have not finished anything you start. you make promises that you break the next day, you lie to yourself , to friends family and school. . you have great potential that you are throwing away, it is dangerous.

Yes but they are FRIENDS. If Margot was her girlfriend or if something happened between them I would have never even thought about it. Then margot tells me that I have to sleep with him in

the same bed ?!!! What I did is wrong and I'm very very very sorry. I would like to speak to her about it and apologize for what I did because I really feel guilty but I don't know how... The whole situation was very wierd.

For margot, yes I've lied to her. But she never even kissed with him (at least this is what she told me) and beside all this Tancredi has a girlfriend. He made me promise not to say anything to margot so that she wouldn't get gelous or upset. you were her guest. are you crazy

I have lied to many people you are right and I'm sorry for this. However everytime it was for a good porpuse. I didn't harm anyone eccept for myself. For example I could have said the truth about you to the people who paid my school, batman and my family but I didn't. I thought it wasn't a very good idea. So I've lied. For margot, yes I've lied to her. But she never even kissed with him (at least this is what she told me) and beside all this Tancredi has a girlfriend. He made me promise not to say anything to margot so that she wouldn't get gelous or upset. I'm not justifying myself by saying lying is a good thing or acceptable but sometimes it is necessary if I want to keep my Life private to some people. As you told me once: " Your habit and mine are very used to lie to everyone" and "You and I lie to people, I just wanted you to know that I understand". I'm glad I'm not the only one and we make the same mistakes.

Instead of trying to understand things by talking about the problem you just interrupt the conversation without giving any explanation. I understand that you have more power, doesn't mean you have to act like this with me.

I have had more than enough of you telling me how YOU think- I - should act. this is ridiculous .

I have giving you my time , my advice , much money , . attention guidance, help. by some craziness you think you are owed muchmore .. Your actions , broken promises, over and over, are selfcentered , selfsih, irresonsible and self destructive. your excuses are many, you whine about olympia,? margot. me, your mother, your school, your job, and when it comes time for you to do something, its blah blah, Hope you feel better.

I don't understand why you react like this... I don't think I said something wrong to you and if I did I'm really sorry. I'm very happy and enthousiastic about going to Paris and starting school. Thank you. However, yesterday I had fever and still now I'm not feeling well. I know you don't like complaints and you always would like to hear me saying that I'm great all the time but I'm not from LA. Sorry, I would love to be always "positive thinking"

but I am not this kind of person. Like every human being I have up and down moments and you should accept this. I am always thankful and grateful to you and I think you are great but you can't always blame me for everything I do. I always feel when talking to you that I'm walking on glass and that I should be careful to every single word I say.... This doesn't make me feel comfortable. Instead of trying to understand things by talking about the problem you just interrupt the conversation without giving any explanation. I understand that you have more power, doesn't mean you have to act like this with me.
