he often has an acolyte of his attack me when I am speaking (if they happen to ne there)

once one of them accused me of being anti-Semitic

another one (in pakistan — where he was speaking as well but virtually — they love him there because of his anti-israel statements) who so bungled his attack that the audience was laughing at him; he attacked me for things I had not said in any way — I has to ask the audience on each point: did I say that? and they all yelled NO)
