optifal out jack to speakers on back of computer

On Mon, Nov 16, 2015 at 6:14 PM, Lesley Groff <[REDACTED]> wrote:

James was not positive what you meant here so he called Merwin...after speaking with Merwin, this is James' reply:

Merwin had people fix the shades on 6 and they figured out how to control the volume with the Apple TV remote.

That's the best guess we have regarding the "optical out", unless he means something else??

Please advise if James needs to do something ?
