Jeffrey

Bell Helicopter has 1 Capt windshield in stock,  
It's heated, bird-proof like current windshield.

Cost

\$32,818 bird-proof heated

\$10,764 installation

\$ 980 consumables

\$. 450 shipping

\$45,012.00

I might be able to wait to install at annual inspection due in August,,  
Should I order and have waiting in Palm Bch to install since only 1 is in stock?

Thx

Larry
