I m certain you missed my emails -so as not to let you down. -I do not type email or text well. I do this so as to memorialize conversations that each of us might remember differently in the future. I am open to any method that you prefer if you dont enjoy them.

Issues. staffing. I suggested hiring new and REPLACING all others. [REDACTED] the only question mark , not just hitting new. I suggested new IT person and systems last nov. [REDACTED] gone , no later than march of this year. though in Nov I sent two texts and three calls saying she should go immediatly but would leave it to brad and you. Toms millions mistakes as well as Eileens money in the drawers , were problems not of my making.

training, is a broad category, for two years i have implored you to have better people set up your systems and then have your teams operate them. you have chosen to do neither

CArlyn castrucci, [REDACTED] . now included in your jeffrey responsible of frustration list. . not fair. . having my team work since jan , and for the first time suggesting 10m plus a contignet payment . only 2 weeks ago. not fair. you have your free after care concept that i have accomodated without agreeing. but I have never asked for more or less than the same amount. even last year when the work was triple what i thought it would be. .

you may recall the conversations that things would be changed as a result of the debras illness. you apprantly do not remember what things.

I realize today is difficult. . you missed chomsky ., sorry, he will be back in two weeks. Lest set a time to speak
